### Meet Diamond B Construction

Why do employers choose Access2day Health for their team's healthcare needs? Across every industry, you just can't beat Access2day's affordability and accessibility. Let's see what award-winning, Louisiana-based company Diamond B Construction has to say.

Meet Diamond B Construction—a nationally recognized pavement contractor since 1950, Access2day member since 2015, and many-time Quality in Construction award-winner. With offices in Monroe and Alexandria, this team has been putting their Access2day membership to good use for years now.

CEO Phil Bossier said, "My family loves it because it's easy and convenient. It's easy to have any medical records also connected to my doctor. The fact that that I can show up anytime and get seen quickly—that's it for me."

Wanda, Controller at Diamond B Construction said, "Access2day is easy, convenient, and I'm seen usually within 30 minutes, treated, and able to get right back to work and continue my day. It's very efficient and has been a great benefit for our company."

Jennifer, Risk Management Coordinator said, "Many of our employees can't afford what an urgent care visit costs. For them to be able to walk-in and pay \$0 for services is huge for us."
