WEST FELICIANA PARISH SHERIFF'S OFFICE

Client Spotlight: West Feliciana Parish Sheriff's Office Sheriff Brian Spillman

In a rural community like West Feliciana Parish, access to care is limited, and too many employees were having to choose expensive ER visits when they needed medical care. Sheriff Brian Spillman knew his team needed a better way to get easier access to care and relieve financial challenges for his deputies and employees.

That's why in October 2024, the West Feliciana Parish Sheriff's Office joined Access2day Health, allowing employees to receive \$0 cost healthcare services – No copay, no out-of-pocket expenses, with no appointment necessary. The impact was immediate.

"What our employees like most about the program is the ease of getting care with \$0 cost," said Sheriff Spillman. "Access2day has opened a whole new world for us—not only in St. Francisville but also at other Access2day clinics nearby."

"We have reduced our ER visits and have high participation in the Access2day clinic program," Sheriff Spillman explained further. "My goal is to provide our employees the tools to be successful. I realize that when employees are sick, they're not at their best. We want to get them the help they need without worrying about having a huge expense so they can be healthy. Having affordable, easy to apply healthcare for them, is vitally important to me."

For the men and women who serve and protect West Feliciana Parish, this program is not just a benefit—it is a game changer.

Access2day News: LASBO Conference Recap

We had an amazing time at the **2025 SASBO & LASBO Joint Conference** connecting with school board benefits administrators and HR managers! It was inspiring to see such strong interest in affordable, no-cost healthcare solutions for school employees.

Congrats to our giveaway winner, Jill Rutherford from Desoto Parish School Board!

We look forward to seeing many of you at our upcoming events:

- **LBA Annual Convention: May 7–9, 2025**
- **Louisiana Sheriff's Association Conference: July 27–31, 2025**

100 Louisiana Clinics
14 Alabama Clinics
5 Mississippi Clinics
1 Texas Clinic

All to Serve You Better!

Over 500,000 members have enjoyed \$0 clinic visits. Come see what Access2day can do for you!

Whether you're hiking in the mountains or lounging by the pool, you can rest easy knowing that Access2day is there to provide the care you need, wherever you are.

You can also make this summer worry-free and travel with peace of mind! For more details about Access2day clinics, visit access2dayhealth.com.

Know Where to Go: ER vs. Access2day Clinics

The CDC reports that 88% of ER visits could have been treated at an urgent care facility. Avoiding unnecessary ER visits can save you both time and money. Knowing the right place to go for care during an emergency is crucial, and we're here to guide you. To help you prepare, please refer to the chart below, which provides key information and guidance for handling emergencies effectively:

Access2day Clinic Non-life-threatening conditions	Emergency Room Life- or limb-threatening conditions
Moderate Fever or Flu	High Fevers (103 or Higher)
Accidents & Falls	Chest Pain or Difficulty Breathing
Fractures & X-Rays	Major Allergic Reactions
Sprains & Strains	Broken Bones
Cuts That Need Stitches	Severe Cuts
Skin Rashes & Infections	Back, Neck, Eye, or Head Injuries
Lower Back Pain	Moderate to Severe Burns
Insect Bites, Minor Animal Bites	Possible Drug Overdose or Poisoning

Stay Healthy & Informed

We're here to make healthcare simple, affordable, and accessible. If you haven't yet, visit an Access2day clinic near you and experience the difference!
