Provider Profile: Dr. Daniels, Felician Access Health

Dr. Chaillie P. Daniel didn't always know he wanted to be a doctor, but after more than two decades in healthcare, he believes it was meant to be. At Access2day, we happen to agree, and we're excited to spotlight one of Dr. Daniel's clinics, Felician Access Health in St. Francisville.

A reliable local care hub, Felician Access Health offers same-day access and continuity of care to those who need it most. This community cornerstone is backed by Dr. Daniel's hard work and local expertise. He's no stranger to Louisiana, having graduated from LSU three times: LSU Baton Rouge, LSU Medical Center, and finishing off with a residency at Earl K. Long in Baton Rouge.

"When I think about the most rewarding moments in my career, I always go to the cases where you truly saved someone's life by seemingly one action," said Dr. Daniels. "And these memories are there, but in the end, the most rewarding piece of my career has been to care for those that I truly have relationships, that were built by sincere patients opening up to me and trusting their life to me every day."

Guided by a core belief that the future of healthcare depends on transparency and integrity, Felician Access Health continues to set the standard for community-focused medicine, allowing employees to receive \$0 cost healthcare services. With Dr. Daniels and his dedicated team at the helm, we're excited to see what the future brings as medicine advances, allowing Felician Access Health to continue delivering exceptional, patient-centered care.

Felician Access Health

12222 Jackson Rd, St. Francisville, LA 70775 | 225.245.5155

Client Spotlight: Richland Parish Sheriff's Office

The Richland Parish Sheriff's Office recognized a critical issue affecting their team: employees with high-deductible health plans were delaying care because they had to pay out-of-pocket until meeting their deductible. This led many to avoid necessary doctor visits, putting their health—and productivity—at risk.

To bridge this affordability gap, the department partnered with **Access2day Health**, giving employees access to primary and urgent care with **no copay and zero out-of-pocket costs** at any Access2day clinic.

"Onboarding was easy for us. All I had to do was arrange short meeting times at each location, and the Access2day team did all the work educating," said **Kaye Clarke, CFO**. "The feedback I've gotten has been great; employees love saving money and are happy with the service since they're in and out of the clinic quickly."

With convenient, no-cost access to care, employees are now seeking treatment earlier and more often, improving overall wellness and helping prevent high-cost claims down the line. Looking ahead, the department anticipates **better health outcomes, earlier disease detection, and fewer large claims**, thanks to proactive, affordable care.

Put Your Best (and Healthiest) Foot Forward!

As classes start again, keeping on top of health and wellness is essential, especially when it comes to children. Kids in school typically catch around eight colds a year, so we're working to stop those sniffles in their tracks with convenient, high-quality care. From routine checkups and physicals to preventative services, Access2day ensures you and your covered dependents get the care you need, when you need it.

Our Back-to-School Checklist

- ✓ Annual Physicals
- ✓ Mental Health Screenings
- ✓ Eye Checks

Regular check-ups aren't just helpful in monitoring children's growth and development—they also help identify and address potential health issues before they become serious. Let's work together to ensure a healthier school year for all, at \$0 cost care for you and your covered dependents! On the Road with Access2day

We're always game for a great conversation, especially when it's with a great company—and for a great cause! Access2day COO, Kenny Beauvais, caught up with Louisiana Bankers Association CEO, Ginger L., at the LBA Convention in New Orleans, working to support Louisiana bankers and their teams with better access to quality healthcare benefits.

Where to Next?

Access2day is heading to the Louisiana Sheriff's Association Conference in Destin, FL, this July 27–31! We're excited to connect with Louisiana's law enforcement leaders to help improve workforce care and lower costs. We'll also be in Lake Charles at the Louisiana Municipal Association Convention on July 29–31, booth 78.

Be sure to catch us at these events!

Stay Healthy & Informed

We're here to make healthcare simple, affordable, and accessible. If you haven't yet, visit an Access2day clinic near you and experience the difference!
