New Clinics Open September 1!

We're excited to announce new clinic openings across Louisiana:

The Urgent Care

148 Wall Blvd
Gretna, LA 70056
504.313.4543

The Urgent Care

4001 Lapalco Blvd Ste 10
Harvey, LA 70058
504.313-6615

"Our broker recently presented our health insurance renewal, and our premium increase for next year was just 3%, consistent with the moderate increases we've experienced over the past several years. She attributed much of that stability to the positive impact Access2day Health has had on controlling our medical claims costs. She also noted that many of her clients are facing annual premium increases of 10–11%. Access2day Health has clearly played an important role in helping the Franklin Parish Police Jury manage and reduce our healthcare costs."

— Sam Wiggins, Franklin Parish Police Jury

Client Spotlight: Franklin Parish Police Jury

Helping Employers Manage Healthcare Costs

When employees have convenient access to care at \$0 cost, they're more likely to seek treatment before small health concerns turn into more expensive, serious issues. Earlier access to care can support a healthier workforce while helping employers better manage long-term healthcare costs.

Franklin Parish Police Jury has experienced those benefits firsthand.

Franklin Parish Police Jury's experience is one example of how improving access to care can support both employee health and long-term healthcare cost management. If you'd like to learn more, ask us about our complimentary **Employer Cost Savings Analysis**.

Member Spotlight: Why Members Love Their Access2day Membership

The stories members share after visiting an Access2day Health clinic offer a meaningful look at the care happening every day at Access2day clinics. This quarter, many described experiences that left them feeling welcomed, heard, and well cared for. From routine wellness exams to unexpected illnesses, member feedback highlights the dedication of the healthcare professionals who serve our members and their families.

"Staff were prompt, professional, and very friendly. They saw me within minutes, asked careful questions to understand my problem, and quickly called in my medication. I was very pleased with my visit."

—New Roads, LA

"The staff and medical personnel at this location are consistently superior."

—Bossier City, LA

"Thank you for being a part of our annual wellness checkup for active and retired state employees. The wellness visit was quick and easy, with little waiting and a pleasant staff."

—Baton Rouge, LA

How Access2day Works

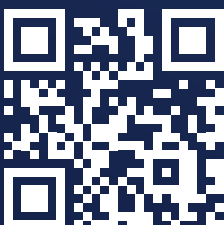

Getting care has never been easier. With Access2day, members can visit any participating clinic for \$0 cost care, no appointments needed, and no insurance paperwork required. From everyday illnesses to minor injuries, Access2day clinics provide fast, friendly, and reliable care.

Thank you to everyone who has taken the time to share your experience. Your stories remind us that compassionate care leaves a lasting impression, and we're honored to be part of your healthcare journey.

Welcome Our Newest Client: Winnsboro State Bank & Trust

We're excited to welcome Winnsboro State Bank & Trust to the Access2day Health family.

For more than a century, Winnsboro State Bank & Trust has proudly served communities across northeast Louisiana by building lasting relationships with its customers. Beginning August 1, employees at all five full-service branches in Winnsboro, Gilbert, Mangham, Rayville, and Ruston will have convenient access to participating Access2day Health clinics.

Through this partnership, employees and their covered dependents can receive preventive, wellness, and urgent care at \$0 cost. We look forward to supporting the health and well-being of the Winnsboro State Bank & Trust team for years to come.

9.6% Without Access2day, would have gone to the ER

96.8% Say Access2day has improved their overall health

Data from 6,728 Access2day Health member survey responses from 2023-2025

Wellness Tip: The 10-Minute Habit

After you enjoy a meal, consider taking a 10-minute walk. Research suggests that walking after a meal may help support healthy blood sugar levels, aid digestion, and increase your daily physical activity. Even one short walk after lunch or dinner can become a simple, healthy habit that benefits your overall wellbeing over time.
